

Ajkerdeal

Issue: Language is not changing properly.

Description:

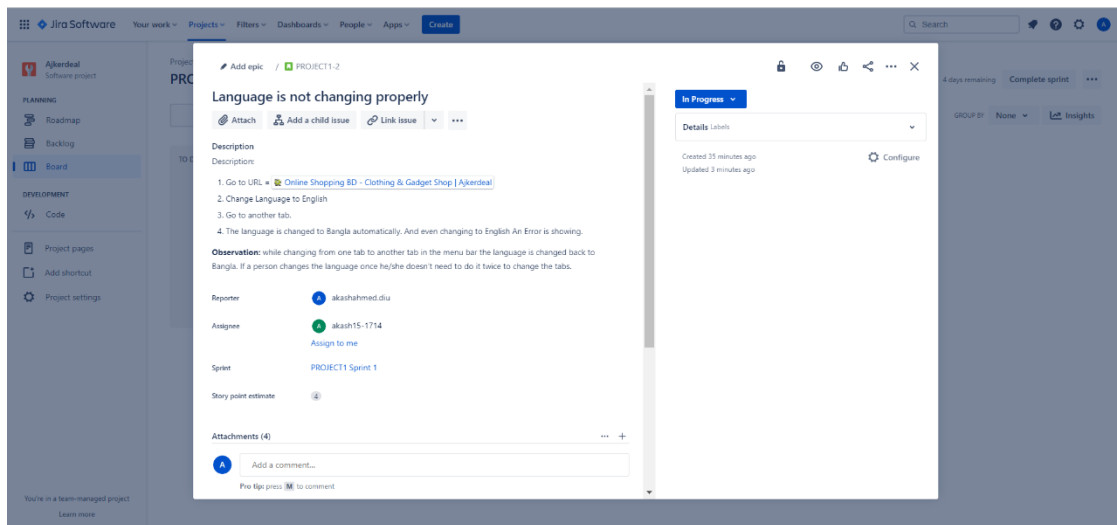

1. Go to URL = <https://ajkerdeal.com/>
2. Change Language to English
3. Go to another tab.
4. The language is changed to Bangla automatically. And even changing to English An Error is showing.

Observation: while changing from one tab to another tab in the menu bar the language is changed back to Bangla. If a person changes the language once he/she doesn't need to do it twice to change the tabs.

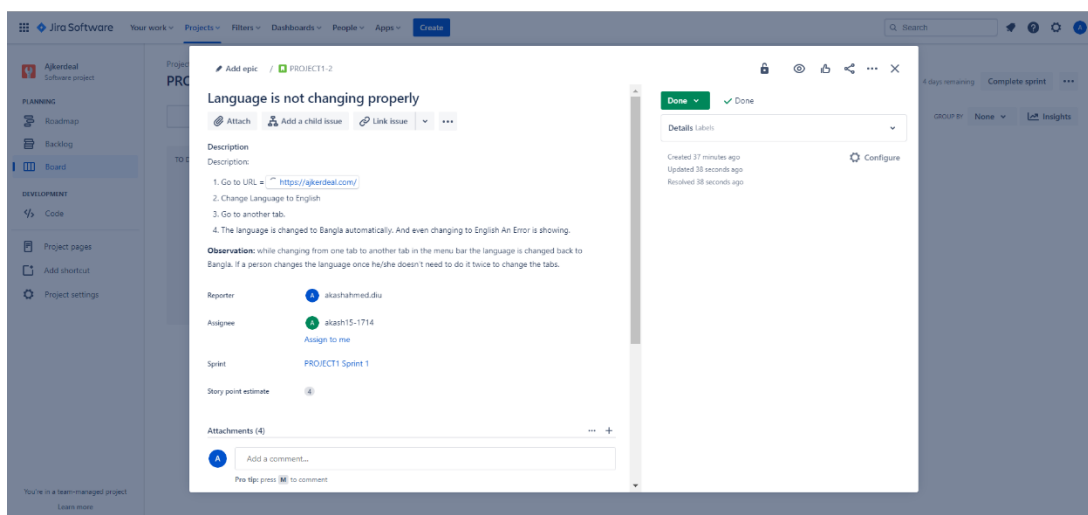

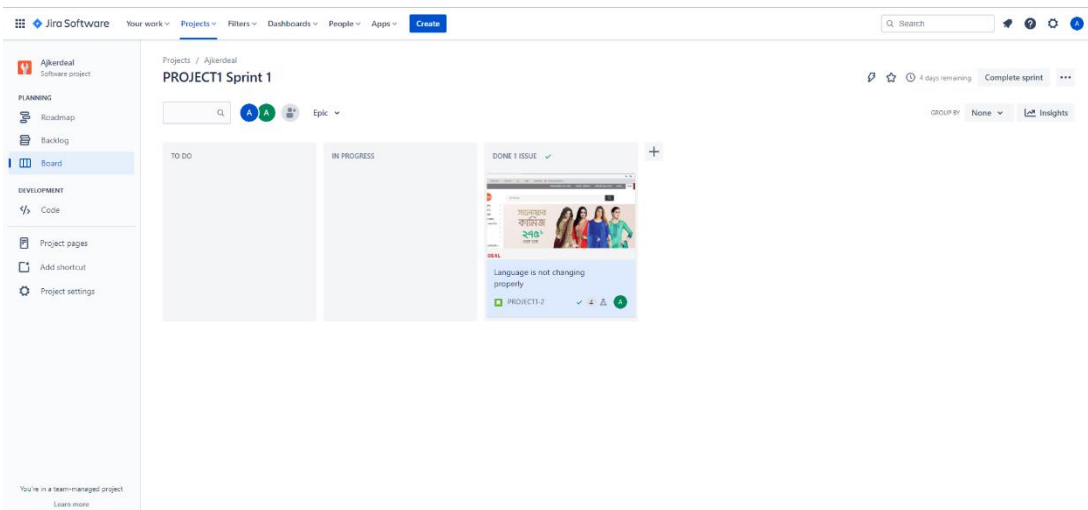

This screenshot shows a Jira issue titled "Language is not changing properly" within the "Ajkerdeal" project. The issue is in the "PROJEC1-2" column. The description contains a list of steps: 1. Go to URL = [Online Shopping BD - Clothing & Gadget Shop | Ajkerdeal](#), 2. Change Language to English, 3. Go to another tab, and 4. The language is changed to Bangla automatically. And even changing to English An Error is showing. An observation note states: "while changing from one tab to another tab in the menu bar the language is changed back to Bangla. I a person changes the language once he/she doesn't need to do it twice to change the tabs." The issue is reported by "akashahmed.diu" and assigned to "akash15-1714". It is in "PROJECT1 Sprint 1" and has 4 attachments, which are screenshots of the website showing the language change issue. The interface is in English.

Description: The work was assigned to Akash15-1714 for solving the issue.

This screenshot shows the "PROJECT1 Sprint 1" board in Jira. The board is divided into three columns: "TO DO", "IN PROGRESS 1 ISSUE", and "DONE". The "IN PROGRESS" column contains one issue titled "Language is not changing properly" (ID: PROJEC1-2), which is the same issue shown in the previous screenshot. The board is in English. The left sidebar shows the project navigation menu, and the right sidebar shows sprint controls, including a "4 days remaining" timer and a "Complete sprint" button. The URL at the bottom is <https://akash1714.atlassian.net/jira/projects>.

Description: The developer is working and it was in progress is started.

Description: Developer completed the work and the issue is solved.
